

NEW GUIDELINES FOR REOPENING BUSINESSES IN CALIFORNIA

California has a [Blueprint for a Safer Economy](#) with revised criteria for loosening and tightening restrictions on activities.

Every county in California is assigned to a tier based on its rate of new cases and positivity. Check [your county's tier status](#) to see how businesses and activities can open.

The state of California has also developed an [Employer Playbook for a Safe Reopening](#) to help plan and prepare for reopening your business.

Guidance for reopening, equipping and training staff, and providing a safe experience for all staff and customers has also been updated and made available [HERE](#).

The Sacramento County Health Officer has updated the Stay At Home order as of August 31, superseding the previous July 14 order for the county. The full text of the order is available [HERE](#).

Sutter County has released a Business Toolkit specific to businesses within those limits, available [HERE](#).

El Dorado County has also produced a helpful guide for those reopening to the public or expanding their operations, available [HERE](#).
